SOFTWARE DEVELOPER

(079) 070-5179 | [tkmundawarwo@gmail.com](mailto:tkmundawarwo@gmail.com) | [linkedin.com/takunda-mundawarwo](https://www.linkedin.com/takunda-mundawarwo)

## Projects

### Nike Landing Page([Github](#))

**Technologies:** HTML, Tailwind, JavaScript, REACT.

**Brief:** Created a copy of a nike website using REACT.js, dynamically loading content and replicating its responsive, clean UI..

**Learning Outcomes:** Learned to use REACT to create deployable, dynamic web applications.

### Resume Website ([Github](#))

**Technologies:** HTML, CSS, Tailwind.

**Brief:** Programmed the website following a figma design, ensuring responsiveness and pixel-perfection.

**Learning Outcomes:** Gained Experience working with Tailwind, reproducing specified designs and making responsive, intuitive web applications.

## Technical Skills

- JavaScript
- HTML/CSS
- REACT
- Java
- Tailwind
- Git and Version Control

## Education

### Software Development I CodeSpace Academy

May 2025 - Present

Built dynamic, real-world web applications using REACT and JavaScript, implementing coding best practices.

### Bachelor of Commerce in Computer Science and Information Systems I UCT

Jan 2022 - Jun. 2024

Gained a strong understanding of algorithms, relational databases and object-orientated programming.

## Experience

### Private Tutor I Self-employed

Jul. 2021 - Present

- Achieved improvements of over 10% with 15+ students.
- Develop and implement strategies to maximise student performance.
- Cultivate client relationships through marketing and maintain current client relationships.
- Continually monitoring progress and making adjustments for optimum results.
